Great Western Update

Terrain Minerals Limited (ASX: TMX) is pleased to have secured the services of Senior Geologist Trevor Bradley (on a casual basis). Trevor has been tasked with reviewing data and designing a strategy with the aim of advancing the Great Western gold project to the mine approval stage.

Professional summary: Trevor has over 25 years of experience in the technical, operational and managerial aspects of exploration and development of mineral projects in Australia and the emerging economies of South East and Central Asia. He has held senior technical and management positions with Australian and Canadian mining companies' and multi-national mineral industry consulting groups. Trevor has expertise in Independent Mineral Asset Valuation, Independent Technical Reports and Due Diligence Studies across a range of commodities for the purposes of investment decision, project finance and exchange listing requirements. Trevor has also assisted clients in his capacity as an Independent Technical Specialist in mediation and arbitration proceedings.

Trevor's commodity valuation experience includes gold, iron ore (magnetite, haematite), nickel (laterite, sulphide), copper, zinc, silver, lead, vanadium, chromium, and titanium across a broad range of geological settings.

Education:

Bachelor Applied Science Honours (Geology), University Technology Sydney, 1988

Master of Laws Distinction (Natural Resource Law and Policy), University Dundee, 2007

Memberships / Affiliations:

Member, Australian Institute of Geoscientists
